PROFESSIONAL SUMMARY

Motivated and self-taught 18-year-old Full Stack Developer with 3+ years of experience building modern, responsive websites and applications. Strong focus on creating seamless user experiences using React, Next.js, Node.js, and a broad range of web technologies. Adept at taking projects from concept to deployment, with a proven track record of delivering complex systems, such as reservation and CMS platforms. Passionate about clean code, continuous learning, and collaborative work.

TECHNICAL SKILLS

- Frontend: React, Next.js, Typescript, JavaScript, HTML, CSS, Tailwind CSS, React Native
- Backend: Node.js, Express.js, Next.js, Supabase, RESTful APIs, NextAuth
- Databases: MongoDB, PostgreSQL
- Design: Figma, Adobe Photoshop
- Other: CMS integration, Responsive Design, Git, Agile Development, Docker, SEO, CI/CD, Vercel

WORK EXPERIENCE / PROJECTS

Freelance Full Stack Developer

June 2023 - now

- **Aksioma Medical Center website** (aksioma-tver.ru) - April 2025 - June 2025
 - Built a modern, visually-appealing website for a large network of private clinics in Russia with a highly functional content management system and optimization for search engines.
 - Ensured accessibility and seamless performance across devices.
 - Technologies: React, Next.js, Typescript, MongoDB, Tailwind CSS, Docker, NextAuth
- **Car Wash City Group website and reservation system** (carwashcitygroup.sk) Oct 2024 - April 2025
 - Developed a highly complex website with reservation system for a largest car wash network in Bratislava which helps managing 900+ of reservations monthly.
 - Implemented a highly functional admin dashboard for staff and management to handle reservations, manage website content, track worker productivity and earnings, and monitor various statistical metrics.
 - Achieved #2 Google ranking for 'car wash' in Bratislava region
 - Technologies: React, Next.js, PostgreSQL, Tailwind CSS, Supabase, Vercel
- **Artroom Design Studio** (artroom-design.com) Jun 2023 - Sep 2023
 - Created a visually appealing website to showcase an architect studio's portfolio and services with content management system, multi-language support and search engines optimization.
 - Collaborated with the client to translate design concepts into a responsive and interactive website.
 - Technologies: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, EJS
